ABATEMENT APPLICATION FILES

(Item 13-1)

These records are used for granting exemption of property taxes for disability, aged, veteran status or extreme hardship. The actual numbers and types of abatements vary according to size of the auditor's office. These files contain application forms completed by taxpayers requesting exemption of property tax. Includes applicant's name, address, birth date, age, social security number; property serial number; name of county; a series of questions concerning financial situations; numbers of acres; computation of household income; the notarized signatures of applicant and applicant's spouse; all necessary supporting documentation; and action taken. Since abatement records are historically valuable, the retention of these records is dependent upon which records are created by the office.

COUNTY SURVEYOR RECORDS

ADDRESS MAPS (Item 17-1)

These official maps document all addresses within the county. They include the township, range, section, towns, streets, roads, and actual addresses. These maps are updated with new streets, roads, and addresses added. New maps are only created when additions make existing maps too cumbersome to use. In some counties each incorporated city or town is responsible for maintaining their own addressing system.

COUNTY SURVEYOR RECORDS

CITY AND COUNTY MAPS (Item 17-3)

These maps provide an overview of all incorporated and unincorporated areas of the county. They are used for reference purposes. Since many small communities cannot afford to have maps drawn some county surveyors provide this service. These maps serve as a basic representation of locations showing township, range, sections, streets, roads and blocks. In most counties, larger communities provide their own maps.

RETENTION

Retain until updated and then destroy.

LOCAL TIE SHEETS

(Item 17-6)

These sheets document the permanent corner locations of each section or quarter section. Since all surveys are tied to these corners it is critical that they can be perpetually located. The county surveyor is required to "to establish all corners of government surveys and reestablish all corners of government surveys where corners have been destroyed" (UCA 17-23-1(1)(4) (1995)). These drawings include township, section, range, monuments, corners, survey measurements, and markers (e.g., manhole covers, telephone poles, walls) and survey or replacement date to allow for accurate location of corner. These sheets are updated as new information is collected. They may also be called reference sheets.

RETENTION

Retain until updated or superseded and then destroy.
